LOEWE.

## A Century of Excellence.

### 100 years of history

Tradition at Loewe.
Always reinventing itself.

For a century, Loewe has stood for inventive spirit and luxury home cinema experiences. From its founding in 1923 to the invention of the television in 1931, Loewe has developed into a traditional company with worldwide operations and is now active in 35 countries with its high-quality, elegant TV and audio products.

From the inventor of television to a global, traditional company.

The global brand Loewe looks back with passion and pride on an extraordinary power of innovation, tradition and perfect craftsmanship Made in Germany.

Loewe's history began in 1923 when Siegmund and David Ludwig Loewe founded the company in Berlin. At the time, they probably had no idea that their groundbreaking vision would have a decisive influence on the history of entertainment: Their invention of the first television set marked the beginning of a new era in the entire entertainment culture

After the opening of the production facility in Kronach in 1948, Loewe impressed the world with pioneering achievements in modern television and audio. In the decades to come, Loewe advanced to become one of the leading global specialists for high-quality consumer electronics.

The traditional manufactory and the high-tech production lines in Kronach in Upper Franconia continue to be the heart of the Loewe brand. This is how sustainable high-tech products par excellence are created.

### Philosophy

Versatile innovations.
Unique passion.

We love to enhance our customers' everyday experiences with unique high-tech appliances and to give discerning connoisseurs pleasure with our products every day.

This is why tireless commitment and perfect craftsmanship flow into the creation of our new products. This applies to both the company and the Loewe brand. Because only in this way can we create the highest quality, outstanding design and perfect product experiences with every innovation, time and time again.

### Vision & Values

The epitome of luxury.

Loewe is dedicated to give every product a meaning. A story. A purpose. In dedicated precision work, we want to anchor Loewe as the epitome of luxurious technical products par excellence.

The perfect interplay of technical masterpieces and outstanding design icons is awarded on a regular basis by press and design awards.

## Loewe. Made in Germany.

Kronach, Germany - a place where extraordinary innovative power, impressive tradition and perfect craftsmanship come together to produce technically sophisticated, unique masterpieces. We create and develop every Loewe product in Germany and almost our entire television portfolio is "Made in Germany". At the same time, Loewe has remained true to its handcrafted production method in the manufactory at its headquarters in Kronach.

Each set is manufactured with attention to detail and is individually calibrated for naturally brilliant colours through precise fine-tuning and tested under the strictest quality criteria. Ultimate cinema feeling, excellent detail, vivid movements, outstanding colour fidelity and impressive sound quality are only a touch of a button away.

#### As vivid as real life. Excellent OLED colour reproduction.

Thrillers, football highlights or nature documentaries with excellent details, velvety smooth motions and brilliant colours fidelity from the first moment you switch on: The 4K OLED display is optimised for every Loewe iconic, bild s, bild v and bild i to ensure everything appears absolutely authentic and true to life.

The pre-calibrated 4K OLED displays with their rich, deepest OLED black based on self-illuminating pixels guarantee breath-taking contrasts and enormous picture depths: experience your movies and series as authentically and realistically as never before.

### Loewe klang bar5 mr & klang sub5

## Realistic surround sound of the third dimension.

Don't miss a word. Superior speech quality.

The pure joy of sound. Vibration-free subwoofer.

Versatile. Streaming & multiroom setup. Expandable without limits. HDMI & Auto Remote Control Sync.

Stylish living ambience. Elegant and compact design.

Perfect to combine. Ideal with Loewe klang mr.

## Authentic 3D audio experience. Dolby Atmos.

The ultimate multiroom sound system for your home is guaranteed by the Loewe soundbar klang bar5 mr with 440 watt of total music power with the klang sub5 subwoofer with 360 watt of total music power and extension options of multiple wireless speakers. This true Loewe all-rounder offers premium cinema sound as well as versatile music streaming with just one device, while the compact, space-saving design blends seamlessly into any room.

The 5.1.2 Dolby Atmos and DTS:X technology ensure a fascinatingly realistic 3D sound experience as in the cinema.

## Powerful entertainment. Captivating sound.

Equipped with DTS Play-Fi, Google Chromecast and Apple AirPlay 2, the soundbar and subwoofer are instantly pairable with other devices, which makes it easy to stream music from any source. This as well as the elegant, timeless Loewe look elevate the set to an absolute must-have for music and film enthusiasts. Two up firing plus two side firing speakers guarantee realistic 3D surround sound by reflections from the wall and ceiling. The two left and right center speakers, the harmonic tuned subwoofer with two 6-inch active speakers, four passive radiators and 800 watts of total music power provide additional power and put you in the middle of action.

### Loewe klang bar3 mr

### Powerful sound giant.

Upgrade to a 5.1 system. Wireless with three centre speakers.

Classic sound enjoyment. AVR connection function. Echo-free 3D sound experience. Best WDAL 2.0 technology.

Audio enjoyment everywhere.
Thanks to multi-room functionality.

### Powerful. 3.1 System Engineered in Germany.

The all-rounder among the soundbars: The powerful 3.1 soundbar Loewe klang bar3 mr shines with an all-round package for almost every area of application. On its own, the device shines with 360 watts of total music power as well as an excellent 3D sound experience thanks to Dolby Atmos. Enjoy immersive, echo and delay-free 360-degree sound with first-class speech intelligibility and voluminous cinema sound, thanks to a forward-facing left, right and centre speaker supported by two integrated subwoofers.

German engineering enables the klang bar3 mr to connect additional front and rear speakers via wireless and latency-free WDAL 2.0 technology (Loewe Wireless Digital Audiolink 2.0). Adding front speakers, the klang bar3 mr then switches the left and right speakers to centre speakers, enabling even better speech intelligibility. Thanks to the AVR connections there is no need for an additional, expensive adapter if older Loewe

and thirdbrand active speakers or active amplifiers, which require a cable connection, shall be integrated into the sound system. Do you prefer audio enjoyment in all your rooms? That is no problem with the Loewe klang bar3 mr either. Thanks to the Multiroom function the device couples wirelessly with the Loewe klang mr across different rooms.

### Loewe klang sub1

# Compact powerhouse. The first subwoofer with wireless TV connection.

Maximum compatibility. For almost all TVs.

Wireless sound enjoyment. Latency-free Bluetooth pairing.

Instant audio enjoyment. Simplest plug-and-play.

Dynamic and powerful. Upgrade to a 2.1 system.

Discover a 2.1 audio system with full bass due to 160 watt of total music power for a more dynamic sound. The unique feature of latency-free Bluetooth connection allows you to pair the compact subwoofer with your TV. The result is a perfectly balanced sound experience for maximum listening pleasure without sound delay, annoying buzzing and disturbing wires between the subwoofer and TV.

Due to the simplest plug-and-play installation, the Loewe klang sub1 is immediately ready for use with any Loewe television from the SL3 series onwards – for the ultimate in audio enjoyment. Small size, big performance: thanks to the innovative audio technology inside, the Loewe klang sub1 is only half the size of devices with a conventional subwoofer design. This means that this space-saving powerhouse fits perfectly into smaller living rooms without any kind of vibration. By the way, if you own a non-Loewe TV with a regulated audio output, it is possible to connect the Loewe klang sub1 to it.

### Loewe **klang mr**

### Our way to sustainability.

We are committed to producing beautifully designed, highly functional, modern and timeless objects. By selecting the finest, highest-quality materials, Loewe creates sustainable products with careful precision work that impress with energy efficiency, software updates as well as years of reparability, thus underlining our sustainability concept.

Not only Loewe products but also their packaging protect the environment: sustainable cardboard boxes and cloth bags instead of plastics help to conserve resources. Packaging studies made of wood are already pointing the way to the future.

Through the expansion of its production activities in Kronach including an high-tech production line, Loewe is underpinning its regional regional roots in Upper Franconia. We are thus making a significant contribution strengthening a significant sector of the economy in the region. The conscious selection of regional suppliers ensures short transport routes for many materials and thus more sustainable production. This effect is further enhanced by the use of 100% green electricity.

For Loewe, service does not end with the purchase: customers can rely on comprehensive service solutions at all times. Our detailed online based FAQ will help you with short questions anytime.

Since sustainability is a big part of Loewe's DNA, Loewe's own technical repair shop is able to repair products up to ten years of age - depending on the model and the fault of the unit. A deliberately generous stock of spare parts makes it possible.

In addition regular software updates keep Loewe products state-of-the-art technology.

The Loewe

service promise.

Of course, our certified specialist dealers are also happy to support you with your concerns: whether it's product selection, set-up and furnishing service, questions about the product before and after purchase, or support on the subject of warranty and repair - you can rely on our Loewe specialist dealers.

We will be happy to help you.

60610D10
AC 100 V - 240 V ~ 50/60 Hz
<0.5W
2 x 50W
2 x 4 inch woofer + 4 x 4 inch passive speaker
20 – 300 Hz

Part number	60610D10
Power supply	AC 100 V - 240 V ~ 50/60 Hz
Power consumption in standby mode	<0,5W
Audio output power	2×50W
Speaker equipment	2 x 4 inch woofer + 4 x 4 inch passive speaker
Frequency response (electrical)	20 – 300 Hz
Frequency response (acoustical)	40 – 100 Hz
Bluetooth version	V5.0
Bluetooth power/frequency range	Maximum power <10 mW at 2402 - 2480 MHz
Bluetooth protocols	A2DP, AVRCP, aptX Low Latency
Device dimensions (W x H x D)	287 x 158 x 287 mm
Device weight	4.6 kg
Ambient temperature	5 °C – 35 °C
Relative humidity (non-condensing)	20 – 80 %
Connection	Bluetooth, Line-in (3,5 mm)
